SCOPE

Risks (ISSN 2227-9091) is an international, peer-reviewed scholarly open access journal of research and studies on insurance and financial risk management. It publishes reviews, regular research papers, and communications; there is no restriction on the length of the papers. Our aim is to encourage scientists to publish their experimental and theoretical research in as much detail as possible. Full experimental and/or methodical details must be provided for research articles. Scopes: Insurance- Financial Risk Management- Asset Pricing- Statistical Modeling- Insurance Finance- Insurance Markets- Insurance Institutions- Insurance Regulation- Actuarial Sciences

The users of Scimago Journal & Country Rank have the possibility to dialogue through comments linked to a specific journal. The purpose is to have a forum in which general doubts about the processes of publication in the journal, experiences and other issues derived from the publication of papers are resolved. For topics on particular articles, maintain the dialogue through the usual channels with your editor.
